

Meet Graham Trimming ACMA CGMA Chartered Management Accountant

Graham Trimming ACMA CGMA, owner of Rosemount Accounting Services Ltd, is a Chartered Management Accountant and a Member in Practice of the Chartered Institute of Management Accountants.

After working in the manufacturing and computer software sectors of industry for many years, Graham set up his own accountancy practice, based in Wooburn Green, south Bucks, in 2009.

Since that time Graham has worked with many small local businesses, providing them with a range of services including annual accounts, tax returns, bookkeeping, payroll and forecasts.

"I had worked with Graham previously and so when I needed an accountant for my own successful business I knew exactly who would provide me with the expert service I needed and also save the company money"

Peter Robertson, Managing Director, One Click Technologies Ltd.

and we will call you back

Graham Trimming is the owner of Rosemount Accounting Services Ltd, a practice that he set up after more than thirty-five years' experience in the private sector of industry.

Graham commenced his career at ITW Ltd, the UK subsidiary of the large USA-based Fortune 500 company Illinois Tool Works Inc. Whilst with ITW, Graham rose to the position of European Controller of the highly successful Hi-Cone plastic multi-packaging business.

After ITW, Graham joined Fourways (London) Ltd, a manufacturer and importer of garden furniture, as Group Financial Controller.

His next role was again in manufacturing as Chief Financial Officer for Triax UK Ltd, a company that enjoyed a 70% share of the Sky TV satellite dish market.

For his last position Graham swapped industries and joined Hummingbird UK Ltd, subsequently acquired by Open Text Corporation, as UK Finance Manager for Canada's largest software company.

During his career, Graham has gained extensive experience of all types of accounting including cost accounting, management accounting, financial accounting and the filing of statutory financial statements.

He is ideally placed to produce your business accounts, including value-add management accounts, and use his advanced IT skills to create reports for your Board, your investors or your bank.

Budgets, profit forecasts and cash forecasts are, likewise, no problem. Graham has done it all before.

The same applies to your VAT, Corporation Tax, PAYE and Self-Assessment. The burden on you just disappears leaving you to do what you do best - manage your business.
